

GEORGE T.

Data Scientist

+91-9551897519 georgethiraviyam@gmail.com Chennai-600058

SUMMARY

Results-driven data scientist with over 3 years of experience in leveraging data analytics and machine learning to derive insights that drive business strategy. Proficient in statistical modeling, data visualization, and programming languages like Python and R. Adept at collaborating with cross-functional teams to solve complex problems.

EXPERIENCE

Full Stack developer

pentagon innovations

Jan 2023 - Present

Chennai, Tamil Nadu

- Designed and developed dynamic web applications using React.js and Node.js, enhancing user engagement and performance.
- Implemented RESTful APIs to facilitate seamless communication between front-end and back-end systems, improving data retrieval efficiency.
- Utilized MongoDB and PostgreSQL for robust database management, streamlining data storage and retrieval processes.
- Participated in agile development cycles, contributing to sprint planning, code reviews, and daily stand-ups, fostering team collaboration.
- Optimized application performance through code refactoring and implementing best practices, achieving a 25% reduction in load times.
- Deployed applications on cloud platforms like AWS, ensuring high availability and scalability for user demands.
- Mentored junior developers in modern web technologies, enhancing team skills and maintaining high coding standards.

Developer Intern

pentagon innovations

Jan 2021 - Dec 2022

Chennai, Tamil Nadu

- Developed and optimized web applications using HTML, CSS, and JavaScript, enhancing user experience and performance.
- Collaborated with cross-functional teams to design RESTful APIs, improving data exchange and integration across platforms.
- Implemented agile methodologies, participating in sprint planning and stand-up meetings to ensure efficient project delivery.
- Contributed to database design and management using SQL, streamlining data access and storage solutions.
- Participated in code reviews, providing constructive feedback that improved code quality and team collaboration.
- Executed unit and integration testing, identifying bugs and optimizing code for reliability and scalability.
- Assisted in the deployment and maintenance of applications on cloud platforms, enhancing application availability.

EDUCATION

Loyola College

M.Sc. in Statistics

Aug 2023 - May 2025

Loyola College

B.Sc. in Statistics

Aug 2020 - May 2023

SKILLS

Python R SQL MATLAB SAS TensorFlow Flask PowerBI SPSS java react
